

REMARKS

Sequence Listing Requirements

The June 10, 2008 Notification indicated that the application fails to comply with the Sequence Listing requirements of 37 C.F.R. §§1.821-1.825, and attached a marked-up copy of the Raw Sequence Listing indicating the errors in the Sequence Listing previously submitted by applicants on May 24, 2007.

In response, applicants attach hereto a paper copy of the amended Sequence Listing as **Exhibit 2** (10 pages) and a CRF of the Sequence Listing. As requested in the marked-up copy of the Raw Sequence Listing, applicants have removed the foreign accent mark from inventor Gilbert B. Privé's name and have corrected the amino acid sequence for SEQ ID NO:10. Applicants also acknowledge the warnings indicated for SEQ ID NOs:10, and 12-30, which correspond to artificial sequences. Applicants note that these sequences all have the comments required for artificial sequences.

The Sequence Listing information recorded in computer readable form and attached hereto is identical to the paper copy of the Sequence Listing attached hereto. Furthermore, the Sequence Listing includes no new matter and does not go beyond the disclosure of the international application as filed.
